

Parc Sutton Bay Park Winter Access Regulations

It is important that everyone entering Parc Sutton Bay Park read these regulations.

Please note that rules remain the same as previous years only prices went up (see below for pricing).

Disclaimer

Parking on the property or passing through is only at your own risk. Parking on the lake is also at your own risk.

Parc Sutton Bay Park Inc. is not responsible for any accident or injury, that may happen. It is very important to use at your own risk. The speed limit remains 10 km. Be careful if slippery. Do not access the property if slippery, icy condition. Everyone is responsible of their own action.

- All vehicles including ATV and Snow machines must stay on the road.
- Absolutely no vehicles of any kind in the park during the winter season.
- Vehicles must stay on the road because of water lines running through the campground, which supply the store and the main property house. When vehicles pass over these lines, the frost will get deeper into the ground and lines will freeze faster and easier.
- Do not leave your garbage on the lake or on the park property. Please take them home with you.
- Please pick up any debris that may damage equipment.
- **You must register your vehicles, Snow machine, ATV, side by side or any other kind of vehicles on your way in.** All vehicles must register for the right of passing on the Sutton Bay Park property before access to the lake. Passes are for one vehicle not for the whole family. For example, if you come in with one vehicle and someone is driving a snow machine or any other vehicle you must each have a pass.
- Pass registrations are at the store. Stop & fill the envelope information that you will find near the deposit box or near the door entrance. Simply deposit the envelope with your information in the deposit box.

2022 pricing

Day passes: \$20 Season pass: \$100 Ice Hut Storage: \$200

- Day passes are \$20.00 a day per vehicles. All registrations are kept on file to keep track of how many times you have been through. Paying by day will amount to a maximum of $\$20.00 \times 6 = \120.00 .
- Save \$20.00 with the season pass for \$100.00. Season passes must be kept in your vehicles where we can see it. [Windshield]
- Passes are for one year only. Different passes each year are made. So you can get rid of your passes at the end of the season.
- If your passes get stolen advise Ray. [I will find it]
- People on ATV, Side by Side, and Snow Machines must also get a pass. You must understand if this roadway was not open you would not have access to the lake.
- This year 2022, hut storage info can be picked up at the office with the registration envelope. (\$200.00) Paid before the end of January.
- Let the people you invite know about lake access rules.
- People parking at the entrance or any other parking places, or only passing through must buy a pass.
- Fencing and adding more signs will only increase your passes cost. Please abide by these rules.
- Failure to respect the rules will result in posting a NO TRESPASSING signs. Road closed to all vehicles.
- All the firewood on the campground near the office is only for Parc Sutton Bay Park. Do not take. If you do need firewood call Ray at (705) 648-3220.

Please let us know of new ideas or changes that may need to be addressed. Stop in and let me know.

I want to thank everybody for your collaboration and making this a great and safe place to access our beautiful lake Timiskaming.

Happy New Year everyone!

Sincerely,

Parc Sutton Bay Park inc.
